

**STANDING COMMITTEE ON PROGRAMMES AND FINANCE**

**Eighteenth Session**

**IOM DEVELOPMENT FUND**

**(Final report: 1 January to 31 December 2015)**

**IOM DEVELOPMENT FUND**  
**(Final report: 1 January to 31 December 2015)**

**Background**

1. An overview of the IOM Development Fund (originally known as Support for developing Member States and Member States with economy in transition – 1035 Facility), which was established through Council Resolution No. 1035 of 29 November 2000, is provided at the sessions of the Standing Committee on Programmes and Finance.

2. The allocation and application of the Fund is guided by Resolution No. 134 adopted by the Executive Committee on 3 July 2012.<sup>1</sup> With regard to the Fund's two lines of funding, Line 2 is broadly similar in its operation to Line 1, with one of the important provisos being that Member States subject to Article 4 of the IOM Constitution will not be eligible to benefit from funding under Line 2.<sup>2</sup>

3. In 2015, a total of USD 8,549,011<sup>3</sup> (including administrative and PRIMA costs) was available for the IOM Development Fund. A total of USD 1,506,415 was available for Line 1 funding, which was composed of Operational Support Income of USD 1,400,000 (see document C/105/9) and USD 106,415 of recovered funds from closed Line 1 projects. A total of USD 7,042,596 was available for Line 2 funding, which was composed of USD 6,770,272 in Operational Support Income and USD 272,324 of recovered funds from closed Line 2 projects.

4. A total of 53 projects were funded during 2015 through the IOM Development Fund, providing support to 90 Member States. As in previous years, the distribution of allocations to each region was closely aligned with the representation of eligible Member States in those regions. In Africa, the IOM Development Fund supported 21 initiatives with USD 3,002,596, benefiting 51 eligible Member States. In Latin America and the Caribbean, USD 1,600,000 was allocated to 12 initiatives, benefiting 14 eligible Member States. In Asia, 11 initiatives, benefiting 15 Member States, were funded for a total of USD 1,886,415. In Europe, USD 1,010,000 was allocated to seven projects, benefiting nine eligible Member States. In the Middle East, one project was approved for Jordan for USD 130,000. One multiregional project was approved on migration and the environment for USD 300,000. As of 31 December 2015, 135 active projects were being administered.

---

<sup>1</sup> The Director General is requested to allocate one million four hundred thousand United States dollars from the Operational Support Income for the development of migration projects in favour of developing Member States and Member States in transition, on the basis of an equitable regional distribution, without prejudice to funds already allocated for these purposes, referred to as funding Line 1. 25 per cent of Operational Support Income (excluding security) in excess of USD 20.0 million will be allocated to the IOM Development Fund referred to as funding Line 2. The total amount available for the IOM Development Fund (excluding direct voluntary contributions) cannot exceed total miscellaneous income (unearmarked contributions and interest income).

<sup>2</sup> Executive Committee Resolution No. 134 states that: "Access to funding under Line 2 will be linked to outstanding contributions and Member States subject to Article 4 of the Constitution will not be eligible for funding." The phrase "subject to Article 4" refers to the status of a Member State whose current arrears in the payment of its financial contributions to the Organization equal or exceed the amount of the contributions due from it for the preceding two years and whose loss of voting rights in accordance with Article 4 of the IOM Constitution shall become effective in a year's time if at that time the Member State is still in arrears to the said extent, but not a Member State whose loss of voting rights has become effective but whose voting rights were maintained or restored by the Council after being satisfied that the failure to pay is due to conditions beyond the control of the Member State.

<sup>3</sup> The Governments of Austria, Belgium and the United States of America provided unearmarked contributions which are part of the Operational Support Income that funds the IOM Development Fund.

5. The detailed criteria and guidelines for the IOM Development Fund can be consulted in the three official languages on the IOM Development Fund website (<http://developmentfund.iom.int/>), which also provides practical guidance on the operation and management of the Fund.

### **PRIMA – Project Information and Management Application**

6. PRIMA aims to capture and store key IOM Development Fund project data and documents throughout the project life cycle in order to facilitate project monitoring and reporting; facilitate the project workflow and approval process involving relevant stakeholders from Country Offices, Regional Offices, the Administrative Centres and Headquarters; and enhance access to data and reports on specific projects and the IOM Development Fund overall. Updates on the development of the PRIMA system were provided in previous reports submitted to the Standing Committee on Programmes and Finance.

7. Significant efforts were made in 2015 to develop, test and implement PRIMA. Early in the year, user acceptance testing of PRIMA was completed and included the testing of all modules: Conceptualization; Proposal Development; Project Endorsement and Submission; Activation; Project Management and Monitoring; Project Revision; Project Reporting; Beneficiaries; and Project Search. This testing phase benefited from the expertise of staff from relevant divisions, the Manila Administrative Centre and the Field, ensuring that the Application's development moved forward in accordance with colleagues' expectations and needs.

8. Bug resolution procedures and enhancement and development work continued after the pilot roll-out phase in the Regional Offices in Nairobi and Pretoria and their respective Country Offices. Roll-out to all IOM offices in these two regions has now taken place. Based on the encouraging results achieved, the system was further rolled-out to the Regional Offices in Bangkok and Cairo and their respective Country Offices in October and November 2015.

### **Seconded official**

9. The Australian Government approved the funding for a second year for the seconded official from the Department of Immigration and Border Protection to be part of the IOM Development Fund Unit at Headquarters. The secondee has been a vital member of the Unit and reviewed existing processes, project proposals and reports, assisted with the development of PRIMA and carried out an evaluation of IOM Development Fund projects in Southern Africa.

### **Review of best practices**

10. In July 2015, the IOM Development Fund launched a review to assess the performance and sustainability of projects focusing on building capacity to counter trafficking in persons which were funded from 2008 to 2013. This review of counter-trafficking projects was divided into two focus areas, namely the prevention of trafficking and the protection of victims. During the review, information was requested on 40 projects, 19 of which focused on prevention and 21 on protection. In both areas, the review identified the need to strengthen monitoring and evaluation of counter-trafficking projects. In particular, the review highlighted the importance of clearly linking outputs, outcomes and intended objectives, in order to allow for output- and outcome-focused assessments. The review further identified the need for

project staff to clearly differentiate between monitoring and evaluation. While project monitoring plays an important role in project management, evaluations should also be accorded due significance in programme assessment. The review recommended that funding be made available to support project evaluation, which should include impact assessments carried out one year or more after project activities come to an end.

11. The review concluded that evaluations and impact assessments of counter-trafficking activities should be based on information provided directly by victims of trafficking, particularly in regard to prevention projects and programmes. The review is available on the IOM Development Fund website.

#### **Eligible Member States and allocations: 1 January to 31 December 2015**

12. During 2015, 113 Member States were eligible for funding. The total amount allocated as at 31 December 2015 was USD 8,549,011. The lists of eligible Member States by region and approved projects are contained in the following annexes:

Annex I: Line 1: List of IOM Member States eligible for allocations under the IOM Development Fund, by region, as at 31 December 2015

Annex II: Line 2: List of IOM Member States eligible for allocations under the IOM Development Fund, by region, as at 31 December 2015

Annex III: Line 1 and Line 2: IOM Development Fund regional distribution chart: Approved projects from 1 January to 31 December 2015

Annex IV: Line 1 and Line 2: IOM Development Fund financial summary: 1 January to 31 December 2015

## Annex I

### Line 1: List of IOM Member States eligible for allocations under the IOM Development Fund, by region, as at 31 December 2015

(total: 113)

<b>Africa</b> 51 members (45%)	<b>Latin America and the Caribbean</b> 22 members (19%)	<b>Asia</b> 26 members (23%)
Algeria	Argentina	Afghanistan
Angola	Belize	Bangladesh
Benin	Bolivia (Plurinational State of)	Cambodia
Botswana	Brazil	Fiji
Burkina Faso	Colombia	India
Burundi	Costa Rica	Iran (Islamic Republic of)
Cabo Verde	Dominican Republic	Kazakhstan

India  
Kazakhstan  
Kyrgyzstan  
Maldives  
Marshall Islands  
Mongolia  
Myanmar  
Nepal  
Pakistan  
Papua New Guinea  
Philippines  
Samoa  
Sri Lanka  
Tajikistan  
Thailand  
Timor-Leste  
Turkmenistan  
Viet Nam

**Europe**  
12 members (14%)

Albania  
Armenia  
Azerbaijan  
Belarus  
Bosnia and Herzegovina  
Georgia  
Montenegro  
Republic of Moldova  
Serbia  
The former Yugoslav Republic  
of Macedonia  
Turkey  
Ukraine

**Middle East**  
2 members (2%)

Jordan  
Yemen

Note: Eritrea, Kiribati, Sao Tome and Principe and Saint Lucia are not included in the above list as they were admitted as Member States of the Organization at the 106th Session of the Council, held from 24 to 27 November 2015.

<sup>1</sup> The Line 2 listing of eligible Member States (and budget for each region) cut-off date for each year is 30 June. The Islamic Republic of Iran, Nauru and Sierra Leone are not included in the above list because they became eligible for Line 2 funding after they paid their outstanding assessed contributions, which occurred after the cut-off date above.

**Annex III**

**Line 1 and Line 2: IOM Development Fund regional distribution chart:  
Approved projects from 1 January to 31 December 2015**

<b>REGION: AFRICA</b>		
<b>IOM office (benefiting members and <i>non-members</i>)</b>	<b>Project</b>	<b>Amount funded (USD)</b>

<b>Line 1</b>		
IOM Malawi	Strengthening Labour Migration Management in Malawi – IOM Strategy: activity 12	100 000
